Peiping, 23 September (Hsin-hua) -- The WFDY delegation arrived in Peiping today after visiting various cities in the Northeast and the Tientsin area.

Some 7,000 people were at the station to welcome the delegation. The welcoming group included officials from the All-China Federation of Democratic Youth, China New Democracy Youth Corps Central Committee, All-China Students Federation, All-China Federation of Literature and Arts, Sino-Soviet Friendship Association, China Committee to Defend World Peace, China Foreign Affairs Research Association, Ministry of Foreign Affairs of the Central People's Government; and People's Revolutionary Military Council of the Central People's governments.

DELEGATION HOLDS PRESS CONFERENCE -- Ho-fei, Huan-pei Jih-pao, 24 Sep 50

Peiping, 23 September (Hsin-hua) -- The WFDY delegation held a press conference in Peiping on 23 September 1950.

Enrico Boccara, chief of the delegation, introduced the delegation members to the reporters. The WFDY delegation pointed out that it had come to China principally to participate in the celebration of the first anniversary of the founding of People's Republic of China, to congratulate the great victory and achievement of the Chinese people, and to make them known to the peoples and youth of the world. The members stated that, in the light of the present aggression of US imperialism against Korea and Taiwan, the delegation can see the strong determination of the Chinese people and youth to defend world peace; consequently, their might can be told to the youth of the various countries.

Boccara stated his impressions of the visits to different cities in the Northeast. He praised the effort and achievement of the people and youth in the Northeast in reconstructing their fatherland, and the machinery and technical assistance given by the USSR in rebuilding China. "The young partisans of peace of the democratic countries of the world will know, on our return, that they can rely on Chinese youth, determined to oppose imperialists to establish peace," he added.
